

Introducing... The DrySyn Parallel Synthesis Kit

The DrySyn Parallel Synthesis Kit allows the scientist to heat and stir up to 27 small scale reactions in parallel using any standard hotplate.

Kit Includes: Base plate to fit any hotplate stirrer, heat resistant handle and 1 pack of three standard reaction vial inserts.

Don't forget to specify which size inserts you require when ordering!

ADS3-PS -(size)

Options:

- ADS3-PS-11.80**
For tubes up to 11.80mm diameter
- ADS3-PS-14.70**
For tubes up to 14.70mm diameter
- ADS3-PS-16.20**
For tubes up to 16.20mm diameter
- ADS3-PS-17.40**
For tubes up to 17.40mm diameter
- ADS3-PS-20.20**
For tubes up to 20.20mm diameter
- ADS3-PS-24.40**
For tubes up to 24.40mm diameter
- ADS3-PS-25.75**
For tubes up to 25.75mm diameter
- ADS3-PS-27.40**
For tubes up to 27.40mm diameter
- ADS3-PS-28.20**
For tubes up to 28.20mm diameter

Effective. Sustainable. Safe. Brilliant.
